PEERLESS PORTSMOUTH UNFURLS NEW CHAMPIONSHIP FLAG

1800 Fans Assist In Ceremony

Flipping and flapping to the breezes, the new pennant so courageously won by those Champs of ours in 1912, now floats serenely from the top of the tall and stately flag pole in center field at Millbrook park.

The flag was raised this afternoon without much fuss, but amid the plaudits of a splendid crowd of fans, who braved the rather threatening weather to assemble at the park, where the Champs and Babes clashed for weal or woe.

The pennant, which is 15 feet long, is of blue back ground, while across its face in big white letters is printed, "Champions of Ohio State League, 1912." The flag, when it was hoisted to the top with Groundkeeper Joe Allen doing all the pulling and several Champs all the grunting, cast a familiar shadow across the green sward. This made the third pennant that the Champs have won and Manager Childs was all smiles when the wind caught the folds and flipped the blue flag around through the murky atmosphere. Just as the pennant had reached the summit of the pole Old Sol broke through the heavens and smiled all over his rotund face. This, by many, is considered a

RECALL AMBASSADOR FROM MEXICO TO TALK OVER THE SITUATION

(By Associated Press)

Washington, July 16.—President Wilson today, after an early conference with Secretary Bryan over the latest aspects of the Mexican situation presented by the inquiries of foreign powers as to the attitude of the United States, ordered Ambassador Henry Lane Wilson of Mexico City to proceed to Washington at once for a conference.

Ambassador Wilson will hurry north on either the battleship Michigan or Louisiana from Vera Cruz, if any delay would be entailed by waiting for a commercial steamer. He is not expected here before July 23, at the earliest.

It is believed in official and diplomatic circles here that the attitude of the United States in the pending situation will follow the ambassador's conference with Secretary Bryan and President Wilson. The president's action today, following closely the unofficial announcement that some of the foreign powers which have already recognized the Huerta government, were pressing for some indication of this government's attitude towards the continued disorders in Mexico, leads to that belief. Secretary Bryan today refused to add any information to his brief announcement of Ambassador Wilson's call to Washington.

Bryan Will Be There

Secretary Bryan was asked if the coming of Ambassador Wilson to Washington would change his projected lecture tour. He replied: "The newspaper men might have assumed that my lecture dates would not interfere with business instead of assuming that they would. All my lecture dates were made subject to cancellation."

Changes Mind.

Senator Fall has informally notified the foreign relations committee that he intends to ask the senate to discharge it from further consideration of his bill to repeal the neutrality statute of 1912 under which the Huerta government now is importing munitions of war while they are denied to the constitutionalists. He will ask the senate to pass it.

Carranza Is Anxious.

(By Associated Press)

Eagle Pass, Tex., July 16.—Urging that the constitutionalists in Mexico be granted rights of belligerents by the United States government, Governor Carranza, their leader, wired a long protest today against recognition of Provisional President Huerta. The protest was to be presented by the constitutionalist diplomatic agent to officials at Washington. Carranza contends that the majority of Mexicans favor him and that if he were granted belligerent rights he soon could get control of the government.

Wilson Leaves.

(By Associated Press)

Mexico City, Mex., July 16.—Ambassador Henry Lane Wilson leaves here for Washington tonight in response to orders from the state department.

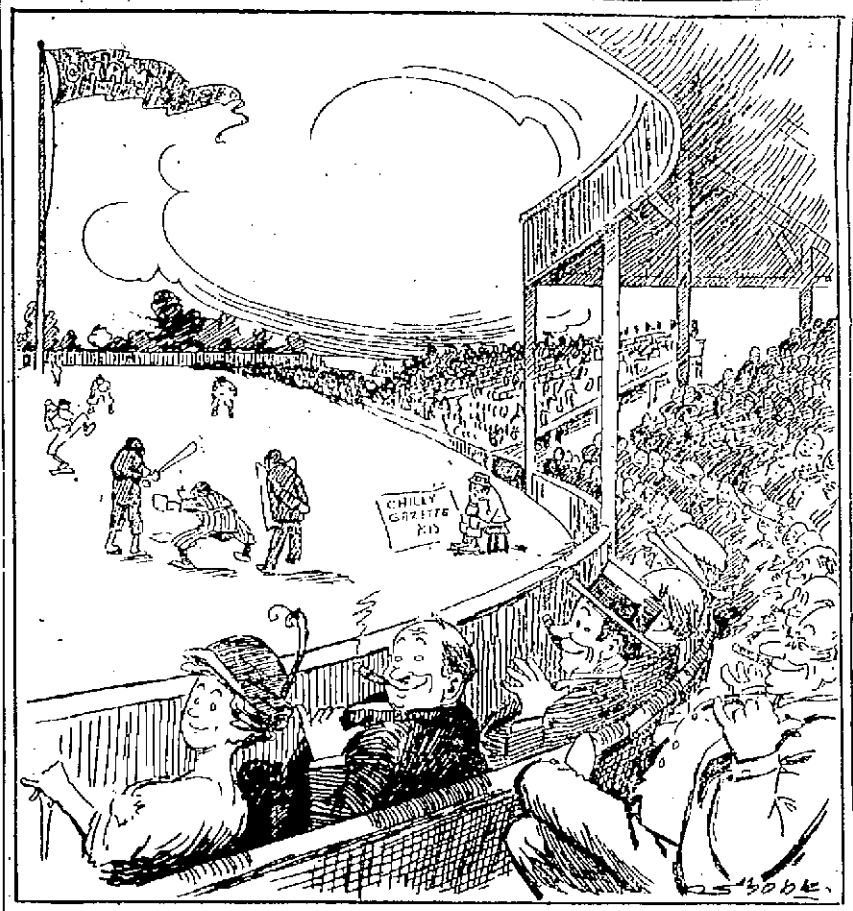

Want to Be Left Alone.

(By Associated Press)

Douglas, Ariz., July 16.—Advices that foreign governments were bringing pressure to bear at Washington to induce the United States to intervene in Mexico created considerable apprehension among the rebel official government of Sonora today and caused a statement that the rebels throughout Mexico have always treated Americans with the highest respect. The constitutional representatives on this side of the boundary said their greatest desire was to prevent foreign intervention.

Mr. Miller Home.

Attorney Harry W. Miller returned Wednesday from Washington where he completed his work in the United States navy. Mr. Miller will now devote all of his time to his law practice here.

DIES, THEN COMES TO LIFE WHILE ON THE COOLING BOARD

Pikeville, Ky., July 16.—Arthur Mims, 15 years old, weight two-hundred-seventy-six pounds "died" yesterday morning from the effects of over-heating at his home on Stone Coal creek and came to life again two hours afterward.

Mims is about the biggest little boy you ever saw, and his enormous body doesn't seem to be very much of an encumbrance to him, either. He loves to do his share of the work on his father's farm, and was out driving the hay rake when Old Sol struck him a little too hard. He just tumbled backwards off his seat and the old hay rake went on about its business while the boy was resting easy in the cool grass. A number of hands lifted him gently and bore him to the house. A physician was summoned, and in ten minutes the boy was pronounced dead, but Arthur did not approve of snap judgement and rose up two hours afterward from the cooling board, where he had been placed by the undertaker and told the mourning attendants that he was still on the job.

This boy won the heavyweight prize here offered for the heaviest boy under eighteen, on July 4th.

While his condition is still serious and he may be in a moribund condition again before another twenty-four hours, he is yet hopeful and says he means to be in the race for that prize again next Fourth.

FLOOD RELIEF

(By Associated Press.)

Marietta, Ohio, July 16.—In response to appeals from the inhabitants along Duck Creek covering an area of from 15 to 30 miles a carload of provisions was sent from here this afternoon. The train carrying the provisions will go to Lowell, and the remainder of the distance in the devasted district will be covered by wagons. Hundreds of persons are homeless in the Duck Creek valley according to information reaching here today. This news was delayed because the storm of Monday night destroyed all means of communication.

Children are crying for food, it is reported. According to information received today about 100 homes were washed away Monday night and Tuesday by the cloudburst and heavy rains that swept over that district.

"I'LL GET THE HIGHER UPS," DECLARES OUR GOVERNOR IN SPEECH

(By Associated Press.)

Lorain, Ohio, July 16—Gov. James M. Cox of Ohio, speaking at the Perry celebration here today charged that the scheme to file big signatures to Green act referendum petitions was hatched by prominent Cleveland men and then put in the hands of notorious characters of Cincinnati to execute. He declared that in every legislative scandal at Columbus in the last ten years the trail has led to Cleveland and the dirty work was carried out by notorious characters picked up from the Cincinnati Cox organization. He promised to secure the arrest this time of the "higher ups" who are the "real criminals."

"The interests that always debauch legislatures by hiring some poor devil to do the dirty work have always subscribed to the theory that no immunity should be granted to the guilty, the purpose being to prevent confession by the lower downs who have been caught. For years every legislative scandal has led to Cleveland but heretofore the department of justice has been unable to get them in the net. We had not proceeded with this investigation a day until the same old crowd was found in the mess. The scheme was hatched in Cleveland and put in the hands of police characters from some of the most disreputable dives in Cincinnati to be carried out.

While it is important to expose and prosecute every guilty man in this perjury and forgery scandal, the real object is to reveal to the people of the state of Ohio just who it is that has been disgracing the commonwealth for the past ten years. That is what we are going to do. I can conceive of no higher function of my office than to prosecute these men. The Green workmen's compulsatory compensation bill will do more to maintain industrial peace than any other act passed in the last generation," said the governor.

MULHALL TELLS OF A CORRUPTION FUND

(By Associated Press.)

Washington, July 16—A fund of $500,000 to $700,000 per year raised by the National counsel for industrial defense and an adjunct of the National Association of Manufacturers for opposing legislation the manufacturers did not favor was described to the senate lobby committee today by Martin M. Mulhall.

He testified he had no personal knowledge of the existence of such a fund but declared that a director for the organization had recently given these figures to the New York World.

"I often have thought and have suggested," said Mulhall, "that counsel ought to be investigated by the post office department. If it were investigated I feel that the gentleman who runs it will have a hard time accounting for the money collected."

The committee did not question Mulhall further on the subject. Mulhall swore that money had been paid to him from the fund for political purposes but did not state what that purpose was.

Mulhall, brought the story of his lobbying activities for the National Association of Manufacturers association up to 1908 and testified about the works of the association in promoting a tariff commission.

The association wanted Miles and Schwedtman on it and wanted to control it themselves, Mulhall testified. He did not explain who Miles was. Schwedtman was secretary to President Van Cleve, of the association."

James A. Emory counsel for the January 16, 1908: "Doubtless you know we had a tussel on the floor of the house last Saturday when an attempt was made by the Democrats under cover of an amendment to a conspiracy provision of the revised statute to enact some of the worst features of the extreme labor legislation now before the judiciary committee. Our friends stood firm and the attempt to make campaign plunder was squelched in the most admirable way and very happily a Democrat, Swager Sherley of Kentucky took chief part of the defense of the existing law and against the proposed amendment."

Another letter from Mulhall, written at Indianapolis in June 17, 1908 to Schwedtman at St. Louis reported how Mr. Watson "had a large majority of the machine under his control."

OFFICERS REPORT EXPOSES SCANDAL

Huntington, W. Va., July 16.—The report filed with Chief of Police Davis by Officer Spencer upon the latter's return from Maysville, Ky., where he went to investigate the sensational Coda-Janas-Snead case contains many new facts not learned from either Mrs. Coda or Mrs. Janas following their return to this city after Mrs. Janas had lost $2,000 she claimed to have had with her when she left her on the first of July with Mrs. Coda, presumably for a shopping trip to Cincinnati.

Following is the gist of the Spencer report, containing facts not yet published and which go to show that N. K. Snead, prominent contractor, despite later denials, is in a rather delicate position.

Officer Spencer's Report.

"Mrs. Coda and Mrs. A. Janas left Huntington, July first, for Maysville. Upon reaching that city they went to the Montgomery hotel where Mrs. Coda endeavored to call N. K. Snead by telephone but was unable to get him. They then caught No. 16 over the C. & O. and went to Springdale where they remained all night and where Snead secured a room for them with a family named Wilson.

"The next day Mrs. Coda and Mrs. Janas went to the Snead railroad camp cars near Springdale. N. K. Snead was with Mrs. Coda and Ben Snead was with Mrs. Janas. The depot agent at Springdale said he saw Ben Snead and Mrs. Janas come up over the river bank together.

"Mrs. Coda, Mrs. Janas, N. K. Snead and Ben Snead got on No. 7 at Springdale, July 2 and went to Maysville and to the Central hotel. N. K. Snead and Mrs. Coda had room 15 and on Wednesday night July 2 Ben Snead and Mrs. Janas had room 35.

"When Mrs. Janas left Maysville Ben Snead took her to the train but N. K. Snead and Mrs. Coda remained all night in their room at the hotel. Then N. K. Snead took Mrs. Coda to the Montgomery hotel where he introduced her as his wife."

Officer Spencer's report then deals with information secured from a bell boy at the hotel where N. K. Snead and Mrs. Coda spent a night and it is entirely too risque to permit of publication.

So far no warrants have been sworn out for anyone connected with the affair, although A. Janas stated several days ago he intended having the Sneads arrested in the effort to force the return of the $2,000 his wife lost or had stolen from her while in Maysville. Janas has no receipts to show that he had that much money, but told the officers that he had kept it in a safety deposite box at a local bank.

Wife Couldn't Prove Gambling Charges

Evidence in the case of William Ralston and Jeff Hunter, charged with playing poker at the Hunter home, 535 Third street, Monday night, failed to sustain the charges and the defendants were dismissed. Mrs. Hunter testified that her husband was making a regular gambling dive out of her home and she wanted it stopped. She also asserted that Ralston was following her husband around every pay day and induced him to play cards and swindled him out of his wages.

Although the chief branded Ralston as a "tin horn sport" he failed to make a case against him.

Attorney George W. Sheppard appeared on behalf of the prisoners. Frank Harmon and William Fultz, who were at the Hunter home on the night it was raided, admitted they had helped "rush the can" but denied having played any poker.

Arraigned on a charge of being drunk and disorderly, growing out of a fight in the North End Tuesday night, James Johnson emphatically denied his guilt, while Hurd admitted that he had been drinking. He had an ugly cut over his left eye as evidence of some kind of trouble. The case was continued against the two negroes, pending further evidence.

Involved in a drunken brawl on Third street near Market Tuesday night, Floyd Smith and Clo Allman were slightly injured. A gash in the head and an ugly cut over the eye constituted Smith's injuries. City Physician Dr. Wendelken sewed up the wound in Smith's head.

Allman was slightly cut on the shoulder where a knife in the hands of his adversary, Smith, cut him. Both were fined $5 and costs in police court Wednesday morning.

BOY SCOUTS PLAN BIG RELAY RACE

In the very near future there will be an exciting rolay race from Huntington to Portsmouth. The mayor of Huntington will send a message to Mayor Tynes.

It is sure to be a great success, because all of our Scouts are anxious for the chance to be in this great relay race.

RUMOR "KILLED" MR. BRUSHART

Friends of J. J. Brushart, a local grocer were shocked, expressing their regrets and saying nice things about him all at the same time Tuesday night. In that mysterious manner which no one has ever been able to fathom a rumor was born and grew to full manhood that Mr. Brushart dropped dead.

But Mr. Brushart was not or is not dead. All the time the rumor was spreading over the eastern part of the city, Mr. Brushart was busily engaged weighing and tying packages at his Gallia street grocery.

He was a pretty busy "dead man." Members of the family who were cautiously questioned about the "death" at first became alarmed but were later relieved to learn that Mr. Brushart was enjoying the best of health.

40 DAYS OF RAIN

Let us seek the high hills for the deluge cometh: For forty days and forty nights it will rain, if St. Swithin is to be believed and who are we doubt the word of a saint. In rythme it is related:

"St. Swithin's Day, if thou dost rain,
For forty days it will remain,
St. Swithin's Day, if thou be fair,
For forty days 'twill rain na mair."

Tuesday was St. Swithin's Day and sad to relate it rained. Therefore let us prepare for the worst. Either the deluge or the fall of tradition approacheth.

St. Swithin was a worthy bishop of England, who was laid to rest July 2, 868, some time ago by the way. He left orders to bury him in the middle of the road, where passersby could tread upon him and keep his spirit duly humble. They did.

But July 15, 971, according to the chronicles King Ethelbert decided that he wanted the bishop's body to sanctify the Cathedral of Winchester. The bones were removed to the Cathedral and a great down pour of rain manifested the dead bishop's disapproval of the performance.

It continued to rain for forty days and since then St. Swithin has ruled the weather for that period. Many miracles are said to have been wrought on that day and afterward.

How to Heal a Stubborn Abscess

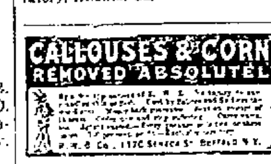

A Home Method Sure to Restore Flesh to Natural Health.

Do not cover any external sore so as to interfere with perspiration and the formation of protective scabs. Keep it clean and bandaged. If it is a stubborn case, flush your blood with S. S. S. This famous blood purifier works wonders. And you can easily give your blood a good, thorough cleansing by using S. S. S. There is no need for anyone to be despondent over the illness of blood impurities. No matter how badly they attack the system or how unsightly becomes the skin, just remember there is one ingredient in S. S. S. that so stimulates the cellular tissues throughout the body that each selects its own essential nutriment from the blood.

This means that all decay, all breaking down of the tissues, is checked and repair work begins. S. S. S. has such a specific influence on all local cells as to preserve their mutual welfare and afford a proper relative assistance to each other. More attention is being given to constructive medicine than ever before, and S. S. S. is the highest achievement in this line.

Do not fail to get a bottle of S. S. S. today. You will be astonished at the results. If your abscess is of such a nature that you would like to consult a specialist, write to the Medical Dept., The Swift Specific Co., 157 Swift Laboratory, Atlanta, Ga.

BASE BALL

good omen, meaning that the flag is here to stay at least one more year.

The rain at noon kept many of the fans away, but when the game was called the stands were fairly well filled and still the fans were coming. Groundkeeper Allen had the grounds in splendid shape and the Champs and Babes went through their preliminary practice with vim and dash. To many fans the practice game is as interesting as the life and death struggle. The Babes had many supporters in the stands, that victory of Tuesday having bolstered up their sturgeon-like back bones. However, they were not willing to lay anything like even money that the Babes would win. They were there hoping, and that is the chief diet of Chillicothe fandom these warm and rainy days.

However, the Babes were right in it when it came to the flag ceremonies. Abreast with the Champs and headed by Managers Childs and Newnham and President Gableman, the flag was carried to the extreme corner of the northeast part of the park and there hoisted on high. The flag speaks eloquently for the prowess of the Champs who so nobly won it. It can be seen from a safe distance, and its flapping plainly heard in Chillicothe and Ironton.

CHILLY TAKES FIRST GAME

Two thousand fans saw the Champs drop the first game of this afternoon's double header by the score of 3 to 1. It was a pitcher's duel between Goshhorn and Munk with the Babe twirler a shade the better of the argument. Chillicothe's thimblefull of rooters were thrown into delight over the victory.

SHE WANTED TO BE SURE

Berkeley, Cal., July 15—Mrs. Adelaide Sherwood-Soule, widow of Prof. Frank Soule, of the University of California, who died here July 2, took measures to insure past all doubt that neither she nor her pet animals should be buried alive.

Mrs. Soule's will, which was filed for probate today, provides that her heart should be cut out within [illegible] hours of the time she was declared dead, and her body held seven days before burial. The will also provides that all her animal pets should be chloroformed within 24 hours of her death and their bodies held [illegible] 24 hours.

Provisions of the will have been complied with.

WILL ENFORCE WOMEN'S LAW

Columbus, O., July 16—State Shop Inspector Thomas P. Kearns is getting ready to enforce the new women's nine-hour and child labor laws. They go into effect early in August. The first named law adds mercantile stores to the places of employment in which girls and women may not be employed more than 54 hours a week. The old law applied mainly to shops and factories. Under the new law dry goods, confectionery, five and ten cent and kindred stores are included. The new child labor law raises the age of employment [illegible] from 14 to 15 years and of girls from 15 to 16 [illegible] [illegible] employed in these [illegible] unless they have [illegible] certificates.

Mrs. Elizabeth P[illegible] and Miss Charlotte Hewitt, [illegible] daughter of Mr. and Mrs. [illegible] Hewitt, were dismissed from the Hempstead hospital Wednesday.

Miss Jennie Gosling, a student nurse, is spending a two weeks' vacation in Ashland, Ky.

AT THE STATE CAPITOL

BY GEO. T. BLAKE

Columbus, July 16—Eight big laws authorizing the governor to make many appointments go into effect in August. On August 6, the agricultural commission law and the road codifying commission law go into effect. There will be four to appoint on the agricultural commission, which will take charge of all departments which have anything to do with agriculture. Each member will be paid an annual salary of $5,000. Three of the commissioners will be appointed by Governor Cox and one by the trustees of the Ohio State University. The codifying commission will go over all the numerous road laws and put them into a comprehensible code. The moving picture censorship board law will also become effective in August 6. This board will be under the authority of the industrial commission of the state. It will consist of three members, each to receive an annual salary of $1500. This board is to examine all public motion picture films and only approve those of a moral, educational or amusing and harmless character. Before any motion picture shall be publicly exhibited, there must be projected on the screen, "Approved by the Ohio board of censors." Ninety days after the act takes effect no pictures shall be shown that have not been passed upon by the board. A fine of from $25 to $300 and imprisonment of from 30 days to one year is provided as a penalty for violation of the law.

The new public utilities law goes into effect on August 9. It appoints a public utilities commission to take the place of the public service commission. The new law gives the commission enlarged powers over public utilities. There will be three members, as on the present commission, each being paid $6,000 a year. It is expected that Judge O. H. Hughes, of Hillsboro, a member of the present commission, will be one of the new members. Judge W. L. Dechant, of Middletown, is said to be slated to be another. Both are Democrats. The third member will be chosen from another party.

The civil service law becomes effective August 6. Within ten days the governor is required to appoint three men to administer its work. The commission is to put into effect a system of civil service for the entire state. Each commissioner is to receive $2,500 salary, but the president may get an additional $1500 if he will agree to put in all his time on the work. There will be a chief examiner to appoint. He will be ex-officio secretary. The tax commission law goes into effect on August 6. Under it a tax deputy will be appointed for each county, and he may hire assistants he may need. The [illegible] law becomes effective August 22. The governor appoints the state commission and that body appoints two commissioners for each county. A [illegible] of [illegible] of eight members will be appointed August 12.

It will never again in the future be known just who the [illegible] executioner of the Ohio penitentiary is. Whenever a condemned man is executed, three men will pull switches, [illegible] purporting to send the fatal current through his body. But no one can tell if the switches will [illegible] "dead." Only one will be real. But none of the three men will [illegible] think of the [illegible] [illegible] and therefore [illegible] whether he caused the death of the victim or not. It will be the [illegible] only one of them is loaded. The new system, [illegible] [illegible] which Warden Thomas, the new head of the penitentiary, escapes from the necessity of compelling some one individual to shoulder the burden of legal murder. There have been wardens in the past who unflinchingly pulled the lever themselves that meant death to the condemned. Warden Jones, lately retired, was the first to wince under the duty sought by the law to be imposed upon him, for, as a matter of fact, the law really pre-supposes that it shall be the warden who shall personally administer death to the condemned through the medium of electricity. Warden Jones didn't like the notion of killing men, even though clothed with all the authority the state could give. So he delegated the duty to some deputy or attache and caused a screen to be erected in the death room, in order that the identity of the men who pulled the electric switch would not be known to the onlooker. But the trouble was that the men who pulled the switch knew, and the new administration figures that there are such things as consciences.

There is too much "mawkish" sentimentality being displayed by the state board of administration in its release of prisoners from the penitentiary through parole, is the opinion of Prosecuting Attorney Turner, of Franklin county. The Franklin county prosecutor has just written a "hot" letter to Maurice J. Leen, the person who now holds the position of "investigator" at the penitentiary. The letter protests vehemently against the promiscuous release of prisoners and declares that the proper discretion is not being shown. "I am not against closing the doors of hope to any man, but consideration for the man who commits crime should be second to the needs of society," says the prosecutor. Mr. Turner is the man who prosecuted the legislative bribers.

Marriage License Is A Real Surprise

Considerable surprise was occasioned among the friends of the couple in this city, Tuesday, by the appearance of an item in the Cincinnati Post stating that a marriage license was issued in that city to Peter J. McNamara to wed Blanche Borgal.

McNamara is a well-known local shoeworker and has relatives living here, including his divorced wife and young son. McNamara and the Borgal woman lived here for several months during 1912 together and represented they had been legally married in Boston, the home of the woman. It will be remembered that McNamara was arrested and ordered committed to the Mansfield Reformatory by Judge Blair for failing to pay for the support of his child by the former marriage, but after spending several days in jail friends interceded and gained his release. Following is the clipping from the Post: Peter J. McNamara, 29, machinist, and Blanche Borgal, 22, 19 East Eighth street."

Heisel May Not Serve

There is a possibility that Elmer Heisel will not succeed himself as deputy county treasurer, as was the arrangement when he withdrew from the race for the nomination in favor of J. Caldwell, treasurer-elect. In case Mr. Heisel refuses to accept the reappointment it is tipped off that Gilbert Dodds will inherit the plum.

Heisel has served two years as deputy during the incumbency of George L. Davis, whose term expires September 1.

Adultery Charged

An application for divorce was instituted in the common pleas court Wednesday by Attorney W. R. Sprague for Robert B. Huff against his wife, Letha C. Huff, whom he married at Maysville, Ky., seven years ago. Adultery is the sole ground upon which the suit is based and one Edmund Hill is named as correspondent. The plaintiff also asks to be awarded custody of their two children, John and Robert, aged 4 and 2 years.

Back to Workhouse.

Taken back to Cincinnati Wednesday afternoon, Harve Lacey will be forced to serve out a workhouse sentence passed upon him by Judge A. Z. Blair in Adams county for securing money under false pretenses. He was in charge of an Adams county official when he left the city. Two local officers captured Lacey in the North End Tuesday night.

Accounts Inspected.

D. A. Gardner and A. L. Reedy, of Rarden, officials of Galena Special School district, were before the state examiners Wednesday for the annual inspection of their accounts. The officials not only were given a clean bill but were commended on their accuracy and neatness in keeping their accounts and records.

On the Jury.

Fred Strauss, the Second street merchant, was called to Squire Byron's court as a juror this morning.

Henry Race of South Webster was in town on business Wednesday.

MAY HAVE HYDROPLANE

The committee to solicit funds from local restaurants and cafes for the Korn Karnival is meeting with splendid success. It is composed of George Ditty, Roy McElhaney and Si Straus. The general soliciting committee raised a handsome sum Tuesday and the Korn Karnival is sure to be the biggest kind of a success.

There is some talk of having a hydroplane exhibition take place on the Ohio river at the foot of Market street. The officials will get in touch with several hydroplane artists and possibly a contract will be entered with one of them.

Used Ten More Men

In order to handle the vast throng that went to Millbrook park this afternoon to attend the Pennant Day exercises the Street Railway Company had ten extra motormen and conductors on duty this afternoon. More than 35 cars were in operation and there was not a hitch in the traffic arrangements.

Went To Game.

Lasters in the employ of the Excelsior Shoe Company were given permission to attend the double header this afternoon. Many of the cutters and bottoming room employes were also laid off at their own request.

On The N. & W.

E. A. "Tussie" Weaver, a well known Rarden stationary engineer has accepted a position with the N. & W. and he left Wednesday to take charge of the pumping station at Reece, near Columbus, during the absence of the regular man who is off on a vacation. On his return Mr. Weaver will be sent to the Darnell pumping station near Circleville.

To See Game.

H. I. Leasure of Chillicothe came down this morning on his motorcycle to see the doubleheader this afternoon.

The defendant, Letha C. Huff will take notice that Robert B. Defendant is required to appear and answer to said petition on or before the 21st day of August, 1913, or judgment may be rendered against her.

Shows Closed.

The management of the various picture show shops in Portsmouth are real true fans. They gave concrete evidence of this Wednesday afternoon when they closed up shop and everybody hiked off to the ball park. Many nickels were held over for the evening performances.

Z. N. Blevins,

of 1220 Linden avenue, has recovered from an attack of smallpox. His home at 1220 Linden avenue was fumigated Wednesday. This wipes out all the cases of this disease in the city.

On Local Run.

T. C. Lewis, baggageman, living at Hamden, has been assigned to the run on the R. & O. S.-W. between Hamden and Portsmouth. He was formerly on the Midland between Cincinnati and Wheeling.

Threw A Tire.

A. W. Adams' new auto truck threw a tire on Chillicothe street near Fourth Tuesday evening just as it skidded over the car tracks. The truck which is a handsome one has been in service only a few days.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Miss Wise:—We found out sometime ago who the big red-headed guy in Flood & Blake's drug store was and now we would like to know who the fellow with the light pompandor and also the one they call Bud and we are very anxious to know who the one they call "Dimples" is.

Eighth Street Chums.

The one with the light "pomp" is Denver Henson, the one called "Bud" is Albert Simpson and Walter White is dubbed "Dimples."

Dear Miss Wise:—I am a boy of 15 and am madly in love with a girl of 20 who lives across the street. I have been to her house several times but was never out with her. I make $4.50 a week and I think half of that is enough to spend on a girl. I have a brother older than I who is about to beat my time. Please advise.

Worried Cotton.

Let your brother have her kiddo, you are too young to go with the girls. If you have any money to spare, give it too your mother and let her put it in the bank for you.

Dear Miss Wise:—I am engaged to a young man who recently left to work in another city. He promised me before he left that he would not go with other girls while away. Do you think he will keep his promise? And do you think I should go with other fellows while he is away not knowing what he is doing?

Lettie.

If you can't trust your finance now you had better break your engagement. If you are of a suspicious nature you should not marry, for you will make any man's life miserable, no matter how good he is to you. He probably loves you well enough not to go with other girls and you should love him enough to trust him unless you have absolute proof that he is not to be trusted.

Miss Dolly Wise:—Please tell me if there has been a law passed providing widows, whose husbands are dead a pension and how much for each child, and if there has, tell me how I may secure this. Would be pleased if you would tell me all about it.

Anxious Widow.

The Mother's Pension Law was passed by the last legislature, but will not go into effect until 1914.

Dear Miss Wise:—Please tell me my fortune for April, the twelfth. How a girl of twelve should wear their hair. Please tell me a home treatment for asthma who has suffered all their life and also is my writing good for a twelve year old?

A Times Reader.

If born on April 12th you have great business ability. When you undertake any thing you stick to it. You do not like real hard work but you take the responsibility and are a splendid overseer. You are successful in pushing your undertakings. You take disappointments easily and want others to do the same. You are a good teller of stories and amuse those around you.

Wear your hair in a braid or curl hanging down your back and with a ribbon bow. Or you might divide it and tie half of it up on your head and another ribbon half way down the braid. You can wear the front paried or pomped which ever is most becoming. Better consult a physician about your asthma. Your writing is very good.

Garrison, Ky., July 14.—Dear Dolly:—Please tell me what a boy means when he winks at a girl and what she should do back at him.

Blue Eyes.

It means that he is not a gentleman and if you wink back at him he will think that you are a very foolish little girl.

Miss Dolly Wise:—Please let me know what the fortunes are in the Times Birthday Calendar for August 31st and September 2nd.

Bertha.

If born on August 31st you are demonstrative in affection, neat in personal appearance, fond of music and fine arts. You have great patience and unselfish generosity. You have a quick temper but are not malicious. People like you for your honest frank and truthful way. You love your home and family, especially your parents. Nothing is too good for them.

If born on September second you are positive, firm and want your own way. You are rather conservative. You disposition is somewhat a strange mixture of sadness and gladness. You are absolutely honest. You are a reliable friend but just as positive an enemy. Whatever you do you take pride in doing well. You are faithful to your employer.

Dear Miss Wise:—I'm a girl eighteen years old and am desperately in love with a young man three year my senior, but my older sister seriously objects to me going with him and often keeps me at home and won't let me go places. I have a very quick temper and it almost kills me to be treated this way. Please tell me what to do. It seems that I cannot give him up and quit going with him. Do you think I should obey my sister? What is good for enlarged pores?

Hazel Eyes.

Ask your sister if she has a good reason for keeping you and this man apart. She may know something very detrimental to him. Also it is possible that you are simply throwing yourself at this man and she doesn't want you to do anything foolish that you'll be ashamed of later on. Possibly the young man is in love with somebody else. Because you are in love with him, you know, is no sign that he is in love with you or that he is the right sort of a chap for you to go with. Have you taken the matter up with your parents? Bathe the face with witch hazel several times a day.

Dear Miss Wise:—I am going to be a bridesmaid in the near future and intend to dress in white as I am very tanned, would like to know what I can do to whiten my skin, thank ing you in advance.

Devoted Reader.

Try undiluted lemon juice if your skin is not too delicate to stand it. Massage the skin twice a day with a good cold cream, wiping off the cream carefully afterward and bathing in hot water. Keep out of the sun and wear a heavy veil if you must go out on a sunshiny day. When you dress for the wedding, rub into the skin a little good cold cream, then dust on face powder of a delicate pink tint. You ought to look very well by that time.

Miss Dolly Wise:—Would you please tell what is the fortune of one born on the 14th., of December and when one is born on the 19th., of December.

R. N.

The fortune for December 14th., was in Monday night's Times. If born on December 19th., you have great artistic ability. You can make things look cosy around you with almost nothing to decorate with. Your talents are well appreciated. You love flowers and are quite successful in growing them. You are liable to overwork yourself. You are affectionate and generous to all.

SOFT, WHITE HANDS.

Women Need No Longer Fear Doing Housework Because When Borax Is Used the Hands Stay Soft and White

Borax is invaluable in the laundry, in the kitchen, in the nursery, in the sick room, and for many general household uses.

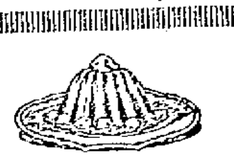

Its use means not only a cleaner, brighter and more sanitary home, but it also means that you can do your household work and still have soft, white hands.

In the first place, there is no water so hard or filled with destroying minerals that Borax does not soften and at the same time Borax softens the hands and makes them prettier after a day's washing than they were in the morning.

The Pacific Borax Co., 1500 McCormick Bldg., Chicago, have recently issued an attractive booklet giving many uses for Borax to reduce household work. Send your name on a postal and a copy of this book will be sent you free.

The summer lunch served at the Home for Aged Women Tuesday evening for the purpose of raising funds to repair the ravages of the flood proved a success in every sense of the word. The need for repair was evident in the badly damaged wall paper, but in spite of this defect, the home appeared very beautiful with many vari-colored lights placed to good advantage, and the rooms tastefully decorated with flowers. The many young ladies with their piquant charm, added to the enjoyment of the occasion and afforded quite a contrast to the usual scene.

The three spacious front rooms and the hall were filled with small tables which were kept in use from 4:30 till after 9 o'clock by the many guests. The demand was so heavy that the supplies were exhausted about 6:30 p. m., but were soon replenished.

Everyone had a good time as all were put at ease by the cordiality and hospitality of those having the affair in charge. The ladies and girls who assisted were the members of the Board of Control: the president, Mrs. W. E. Gualt, the Mesdames Arthur Willey, Anna Reed, W. A. Hutchins, Henry Amberg, Samuel Horchow, J. M. Graham, J. L. Watkins, George M. Appel, Albert Zoellner, and the Misses Margaret Miller, Margaret Firmstone and Sue Reed in the serving room.

The cold lunch was admirably adapted to the heated weather and was heartily enjoyed. Every article served was five cents and the receipts were about sixty dollars.

The ladies in charge wish to extend their thanks and appreciation to the merchants who generously made many donations, the young ladies, and to the public who rendered such hearty aid to the occasion.

OHIO BOOMING, EXPECT 25 FEET

Welcome news was issued from the wharfboat at four o'clock Wednesday afternoon when it was reported that the crest of the rise was passing the city. The stage registered 23 feet and 2 inches. From five inches an hour Wednesday morning the rise had dropped to two tenths of a foot Wednesday afternoon. It was predicted that the stage would not exceed 25 feet.

The check in the rise means the salvation of the Scioto bottom corn lands.

A most unusual spectacle—in fact one that "oldest" inhabitant, Tom Calvert says was never before seen by living man was witnessed Wednesday morning when the Ohio began pouring a mighty current up the Scioto and on the crest of which was carried a heavy drift.

The gallant, convoy, Bonnie, was put to her stumps by the abnormal conditions but after an hour's desperate struggle, she managed to breast the tide and navigate safely the flotsam, on her six o'clock trip to this side.

It is expected that the waters from a could-burst beyond Columbus, which are rushing down the Scioto will reach here sometime today and then the flow and drift will be running back.

Throwing Up Dams.

Many of the West Side farmers are taking no chances, but are engaged in throwing up dams to protect their corn.

Suspend Work

Men on the Vera bridge, which is being rebuilt has been temporarily halted by a sharp rise in the Scioto river. It will be a week before the work can be resumed. J. E. Sturm is doing the work. The bridge is to receive two additional piers.

Boats Due

The boats due Thursday are the nine o'clock in the morning and the local boats, the Klondike down for Rome at two and the Greyhound up for Huntington at three o'clock.

Two Leading Physicians Managing The Hygienic Congress

Dr. Roswell Park, of Buffalo Chairman of Citizen's Committee Dr. Thomas A. Storey of New York, Organizer of Hygienic Congress.

Dr. Roswell Park of Buffalo and Dr. Thomas A. Storey of the College of the City of New York are hard at work on arrangements for the fourth international congress of school hygiene, to be held at Buffalo in August. Dr. Park was the surgeon who attended President McKinley in his last days. Dr. Storey, professor of hygiene at the College of the City of New York has undertaken the work of organizing the congress.

Physicians and experts from all over the world, including almost every state in the Union, will attend this congress, and those in charge of it promise that it will be one of the most important events of the year. It has attracted much attention in Europe and experts on hygiene will come from several countries there.

RED ANTS MADE 'EM WIGGLE

Cleveland, O., July 16.—The French-Canadian barge Victorie of Charlevoix, from Soo, docked today with a fidgety crew of sailormen and a distressing tale of adventure. The crew had "ant wiggled" continuously for several days and was almost exhausted.

Captain Cortreconer stood on a bucket, upturned in a tub of water. In another, peeling potatoes, stood Pacific Rousses, cook. The crew sat, ill at ease, upon a rail. Everybody was "wiggling."

Small red ants numbering 2,500,000, according to the purser's ledger, were brought aboard with a cargo of shingles. Bos'n Montague said sleeping was impossible. The ants even marched down the towline when he tried to catnap in the tender.

Row At The Park

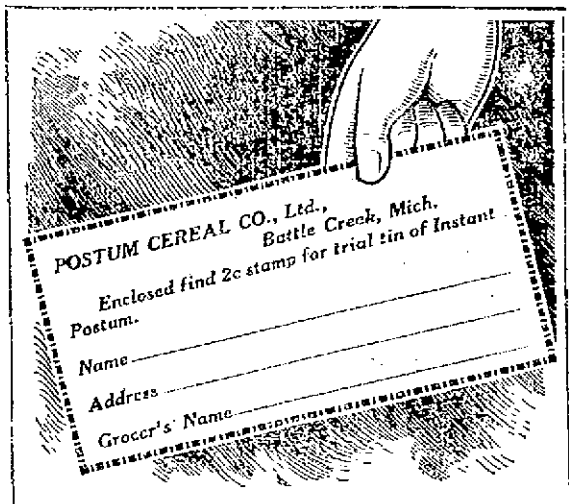

Clifford Koontz, an 18-year-old New Boston boy, raised a disturbance at the rink at Millbrook Tuesday night and as a result bears an aching knob today. He persisted in being disorderly after being given a calling for fast skating. He was ejected from the rink by several of the New Boston police force after a struggle.

On the road to the local bastile the boy made some cute remark, the officers say, for which he was pelted a clout over the ear. Three stitches were taken. To add to his woes, he was given a fine of $4.80 at the police court this morning.

Fixing Headquarters.

Members of the local order of the Moose are fixing up their headquarters over Ye Old Mill saloon, on Second street. When furnished, the rooms will be among the coziest in the city.

A number of local Moose are planning to attend the silver jubilee to be held in Cincinnati on July 25.

For You to Try

Lots of people keep on using coffee as a daily beverage, knowing that it is harmful, but are puzzled for something to take its place.

INSTANT POSTUM

fills the bill exactly.

This new food-drink tastes much like high-grade Java, but possesses the merit of being healthful, pure and absolutely free from the coffee drug—"caffeine"—which is the cause of much of the heart, stomach, liver and nerve disorders with which so many coffee drinkers are afflicted.

Fill out and mail the above coupon (enclosing 2c stamp for postage) and we will send you a minature tin of Instant Postum containing enough for 5 cups.

Postum comes in two forms.

Regular Postum (must be boiled.)

Instant Postum doesn't require boiling but is prepared instantly by stirring a level teaspoonful in an ordinary cup of hot water, which makes it right for most persons.

A big cup requires more and some people who like strong things put in a heaping spoonful and temper it with a large supply of cream.

Experiment until you know the amount that pleases your palate and have it served that way in the future.

"There's a Reason" for POSTUM

Birmingham Stopped By a Broken Leg

Joe Birmingham, whose remarkable success this season with the Cleveland club of the American league has interested the fans all over the country, has lost his streak of luck. Not only has he broken his leg and thus been put out of the game, but Larry Lajoie, the mighty second baseman, was so badly hurt that he had to remain out for some days.

The injury may eliminate Big Naps from the position of contenders in the league race.

In the ninth inning of the second game with Frank Chance's New York team, Birmingham doubled, and in sliding into second caught his spikes on the rail to which the bag was fastened, breaking the bone in one of his ankles. The injury may keep him out of the game the balance of the season.

Birmingham's success as a manager has been meteoric. When Harry Davis resigned in disgust toward the close of last year, Birmingham was placed in charge of a team that was fast skidding toward the cellar. He seemed to put new life into the Naps immediately. The team pulled itself together and by a magnificent spurt in the closing days nosed out the White Sox and finished in the first division.

The present season opened in a blaze of glory for Cleveland. Birmingham kept them in the fight from the start, and played a magnificent game himself in the outfield. With practically the same team that finished fourth last year, he has been at the top and fighting it out with the Athletics and Washingtons, until this unfortunate accident laid him low. Joe is only twenty-nine years old, and the youngest big league manager in captivity.

Reynolds Fined.

For an offence committed on the Fourth of July, George Reynolds was fined $5 by Mayor Lewis at New Boston Tuesday night. The accused plead not guilty to a drunk and disorderly charge. He engaged Attorney N. B. Gilliland to defend him but the case was lost and the prisoner paid up and was released.

CALLED OFF EXCURSION

Because 250 refused to pledge themselves to make the trip to Lexington Sunday on a C. & O. special the junat was officially called off Wednesday by Agent D. A. Grimes.

The officials of the road wanted 250 tickets sold today before the special became a reality. As only 125 were sold there was no alternative but to call it off. Had the C. & O. run a special fully 400 fans would have gone to Lexington, but then simply refused to buy a ticket and make Pullman reservation ahead of time. Many of the fans are disappointed as they had been banking on the trip to Lexington being one of the most pleasurable of the base ball season.

Harry Eberfield, of 603 Eighth street is improving steadily from a three month's illness with lung trouble. He is gaining a little strength each day.

MISS JOURNEY SCALDED

Miss Guy Journey of the West Side sustained painful injuries this afternoon, the seriousness of which has not yet been determined. She was making plum jelly when a dish pan full of the boiling fluid overturned, scalding her to the knees. At this writing the young lady was suffering great pain. Physicians have been summoned from Portsmouth.

EVENING TIMES SPORTS

Matty And Brown Were Trotted Out

Again did the Reds gracefully bow to the prowess of the Giants. This time the score was 4 to 2.

Two old-timers and two of the craftiest pitchers that ever threw a ball opposed each other in this battle when Mathewson and Brown stalked majestically to the mound. Both were hit freely but the run-making machine of the Giants got busy and the McGraw men as usual made their hits count. Devore and Snodgrass made home runs.

CLASSY LITTLE LEAGUE

Smoky Taylor, who has been playing first base for the Nailers, is to be shifted to the outfield with the advent of Thompson of the defunct Columbus Interstate league team.

All but one of the Columbus team landed a berth in the Ohio State league, which is now considered one of the fastest minor leagues in the country. The teams are playing fine ball and the finances of each club are in good shape.

PUT PRICE ON M'ILLVANE

It was stated Wednesday that the Chillicothe owners have placed a price on Pitcher McIlvaine and that Louisville had practically closed negotiations for the tall twirler, who has been a bear this season in the Ohio State.

SHINES AS GAME FINISHER

In his sizeup of the Reds' pitchers W. A. Phelan had this to say of our own dark-skinned Frank Harter:

"A recent disappointment after raising all sorts of glowing hopes. So clever was young Harter's work as a finisher, so brilliantly did he show as a stopper of furious rallies, that everybody thought him fully ripe for work as a regular. Accordingly, he was given Johnson's place as a regular pitcher, but faltered and has not done near so well as a starter as he did when all he had to do was to finish lost games."

SENATORS HAVE SWATTERS

Here are the batting averages of the various teams in the Ohio State league:

	G.	AB.	R.	H.	Ave.

WHEN BIERHALTER NAPPED

Ironton, O., July 16.—Here is one that brings home the bacon, and when talking about umpires just spring this one and you'll have the world beat, [illegible] fan.

Umpire Bierhalter arrived here Monday from Portsmouth where he has been officiating and because of the fact that he did not sleep just right Sunday night he decided to take a little nap before the game, but when the time for calling the game rolled around there was no umpire, so it was decided to allow Cassidy [illegible] of the Huns and McWhirter of the Nailers to do the [illegible]. They began and got by very well but Bierhalter had been aroused from his slumbers and arrived at the park during the third inning and promptly took charge. He laughed at the [illegible] and said that he needed [illegible] sleep [illegible] that little [illegible] have a clear eye for the rest of the season.

Bierhalter had evidently heard what a glorious town Ironton is to sleep in, so he could not resist the temptation to take a nap.

Why Chief Steals

Chief Meyers has stolen six bases this season [illegible] the [illegible]. When the opposing infielders [illegible] with pardon [illegible] direction [illegible].

To Carry 5 Pitchers

Chillicothe, O., July 16.—President Sherrill said last night that as a result of the Interstate league going up Chillicothe will secure two pitchers from Columbus. Murphy, a left-hander, and Jones are to report at Portsmouth today. If the pitchers stick they are to be returned to Columbus at the end of the season.

Murphy pitched yesterday against Wheeling and was beaten 6 to 3, the Stogies making 11 hits. There was no incentive for Murphy to pitch, as nothing was at stake. Manager Newnham was also offered a crackerjack second baseman, but he said he could not use him. He declines to think of moving Snovelin to third.

It is up to Manager Newnham to make the pitching selection. He now has six men and one will be weeded out. From all that can be learned, it seems to be the intention to carry five pitchers for the rest of the season. If other clubs can do it, why not Chillicothe!

CHILLICOTHE KID HAS "PIP" RAPHUN IS COMING—DOPE

It begins to look as though the Chillicothe Gazette kid had finally contracted the "pip." He is rattling around in his little derby like a bean in a dry bladder and he does not know whether he is coming or going. The call-down given him by the dethroned and [illegible] Mr. Schuler has so rattled him that he doesn't smile any more when someone tickles his chin here. He is standing with his back to the sun and looking upon his wasted shadow. He does not even crease his trousers any more and passes up the [illegible] stand like a pay car does a tramp. It is rumored that the little fellow is going for the days of corn shucking and butter churning and will shortly hand in his resignation. Like the fly that was swatted, he'll never be missed. When he gets back into his element he may make a fuss like a citizen, but so long as he attempts to dole out sport "mince the shears—well, the suffering public will have to stand for it." It is rumored, also, that he will shortly attend night school—money well spent. When a fellow is so narrow and self-conceited that he can crawl through the eye of a needle and not touch a side—well, the good Lord looks upon the image with sympathetic eyes. The scribe isn't at all to blame—he can't help it.

L. S. Raphun, former umpire in the Ohio State league, but who is now clerk of the Spencer hotel in Indianapolis, Ind., writes that he will visit Portsmouth sometime in the near future. "Raph" is a social favorite here. He will always find the latch string on the outside of the door and no knock for admission is required of him. In some quarters it is said that he will again don the spangles as an arbitrator and will soon be calling out balls and strikes. He proved himself capable when in the Ohio State and his return would be hailed with as much delight as that given the prodigal son in biblical times. Only Raphun is no prodigal. He would still be umpiring were it not for the fact that he was painfully injured and had to submit to a very trying surgical operation. He has recovered his strength and health and that slender but well proportioned form of his would look mighty nifty in an umpire's garb. When Raph comes, watch out for some new ragtime.

Floyd Smith, brother of Earl Smith, first baseman for the Milwaukee team of the Wisconsin-Illinois league, has signed to play first base for the Middies. Floyd gives promise of being as great a diamond luminary as his talented brother. He can stab them in all directions and is hitting like a fiend. He has been playing with the Shamrocks and putting up a star game.

Chillicothe is to be strengthened. Manager Newnham realizes that he must have stronger pitchers if the Babes are to have a chance at the flag. In Granville and Goshorn he has two reliable twirlers, while McIlvaine is good for half his games. It is said that the tall fellow is to go to Louisville in the A. A. So two players, both pitchers, are to join the Babes from the Columbus team of the defunct Interstate league. While they are touted as phenoms, they evidently are not so much or the Columbus club of the A. A., which is in a bad row of stumps for hurlers, would have taken them on. It looks as though the Chillicothe club is to be the dumping ground of the Columbus team. The first thing you know the Babes' scoring machine will be wrecked and on the rocks. Changes this late in the season will soon put a team on the blink. The fickle fans of Chillicothe, however, want the rag and, like Snookums of the Newly-Weds, must be satisfied.

Billy Southworth of the Champs is just recovering from a severe attack of cholera morbus. For the past two days he has been so weak that he could barely force himself to play. Billy, however, is one of the gamest chaps in the league and so long as he has two legs to stand on he will be out there giving the club his best services. Had he been himself Tuesday that 11-inning game would have been won by the Champs before the ninth frame rolled around. This was the first game in which Billy has failed to make a hit since the team returned home. At that he was robbed of a couple, hitting the ball fairly every time he came to bat.

Those Reds, those Reds, those Cellar Champ Reds.
Just cut it out, kid, there's been enuf said.

RITCHIE WANTS $20,000

Billy Ritchie, boss of the lightweights, says he will fight Leach Cross for $20,000. In other words, he will train for ten days and then fight for an hour for this fortune. The modesty of some people in the roost of the champions.

OH NESSER, LOOKIE, HERE?

Ironton, O., July 16.—Big Frank Nesser, [illegible] 45 points in the Ironton series, the popular first baseman of the Huns.

Chillicothe Babes, who previous to the Ironton series had a batting average of .201, lost [illegible] of the laurels during the Ironton series. He was up 12 times and only gathered one safe hit in the three games, which with the games not yet reported to the league, the secretary gives him a batting average of

Red Whalen, the hard hitting shortstop of the Nailers, fattened up his batting average on the Chillicothe pitchers, and jumps from .221 to the dizzy per cent of .308, jumping to about seventh or eighth in the league race. At the rate he is now going he will soon be at the top of the list.

Too Much For Chief

"Say, Mr. Stearns, you have certainly picked a good looking first baseman in that young fellow [illegible]," said Chief McCall, of the Huntington club, to Mr. Stearns [illegible].

[illegible] McCall [illegible] after the [illegible].

"Yes, Thompson? Why, he has been with me two years, four years in the big [illegible] and one year in baseball," came back Stearns with a gleam of [illegible] in his eye.

That was too much for McCall and [illegible] team [illegible] the Huntington team.

THEY WANT CLASS

The Columbus Interstate league team lost money in Columbus this season. The fans would not patronize the team after seeing the A. A. players except on the Neil lot. In other words, the average fan knows class when it is thrown before his eyes.

Prisoner Makes Daring Escape From Bastile

Crashing against the door in the gangway leading from the mayor's office to the city jail, Thomas Book, of Fire Brick Ky., swung the gate far enough on the hinges to make a clean escape Wednesday morning.

He dashed through the alley to the east of the mayor's ofice going east through the alley to Chillicothe street, south on Chillicothe street to York Park and thence through the park. In the willows on the river bank he took a "john" boat and paddled across the river to Beattyville.

Dashing through the streets bareheaded the prisoner made a spectacular flight. Pedestrains, timid enough not to try to stop him themselves, were brave enough to yell to others to stop the flying man. The hue and cry was taken up from the Times building to York park. Some twenty-five gentlemen of leisure sitting on benches in the park gazed at the man as he dashed over the river bank and grabbed the boat but made no effort to stop him.

Sol. Hughes who was standing on Chillicothe street near the park had to step lively to keep from being bowled over by the head long flight of the prisoner.

The get-a-way was a thrilling climax to sedate session of police court. Book had just been fined $10 and costs by Mayor Tynes for being drunk Tuesday afternoon and indulging in a little crap game in the rear of the home of Millard Fultz. The prisoner did not have any money and he evidently had no desire to serve out the fine behind the bars on such a hot day.

He gave Joe Stokley a nifty little surprise party and the officer taken unawares was unable to capture the fugitive. He threw his gun as the prisoner made the get-a-way but by the time the officer slipped into the alley to fire the man had disappeared as if swallowed up by Old Mother Nature.

WILL ENLARGE BRANCH

Says the Ashland Independent; "P. E. Selby, of Portsmouth, will be here this week to make arrangements for the securing of the building necessary to enlarge the output of the Ashland branch of the Selby shoe factory. It is the intention of the company to greatly increase the work now being done by its plant here."

KICKED BY HORSE

Ironton, O., July 16.—Harry Moore, grandson of Dave Monahan, was kicked in the back of the head by a horse early Tuesday morning at his home on the Newcastle pike, at Hanging Rock, and as a result he is now lingering in the balance, with the odds slightly in favor of death, at the Keller hospital.

WM. J. BURNS IN LYRIC FILM

The greatest detective in the world, the wizard of mystery, the "Sherlock Holmes" of real life, the cleverest man that ever hunted a criminal, "William J. Burns," himself, will be the attraction at the Lyric theater tomorrow night in Kalem's unparalelled picture sensation, "The Exposure of the Land Swindlers," an extraordinary feature drama, which vividly portrays the scientific methods of criminal investigations that have made Mr. Burns the greatest sleuth of all time. The story of the picture is a splendid conception, based on actual experiences in the career of the celebrated detective, and is told in three parts. There is much in this great picture to mystify and thrill you. There is an unusually gripping story of love and adventure that will entertain you royally and the educational value of such a picture can hardly be estimated. The Kalem Co., in producing it have spent a lot of money to make it a masterpiece and it is safe to say no picture has ever aroused so much interest. Miss Alice Joyce heads a supporting cast of favorite Kalem stars, whose good acting is commendable. Manager Mack has gone to considerable expense to secure this wonderful film because he knows the picture folk of Portsmouth appreciated the good things.

Strike At End

Lexington, Ky., July 16.—At a meeting of the street car men's union late yesterday the agreement reached at a conference of officers of the Kentucky Traction Company, representatives of the striking car men and acting Governor McDermott was ratified and the strike officially declared off. By the terms of the agreement the company recognizes the union.

NEGRO MURDERED

Ironton, O., July 16.—Pete Harris, colored, an N. & W. section man of Franklin Furnace was found in the weeds back of the Excelsior Shoe factory here early Tuesday morning by Mr. Rogers, watchman of the factory. Harris' body was riddle with knife stabs, but his assailants are unknown. It is thought the motive for the killing was robbery as the only thing found in his pockets when searched was a brass chip and a box of matches. The dead man was about 35 years of age and before he left Franklin Furnace had a check for wages coming to him. His mother and sister reside at Circleville, Ohio.

RAN DOWN NEGRO, DRAWS A FINE

Knocking down a man running over him with his automobile and refusing to stop to see if the victim was injured cost F. X. Mercier of Gay street $5 and costs in police court Wednesday morning. The fine was assessed under a statute providing for the punishment of such an action on the part of the driver of a motor car.

Norman Hayden, a negro Terminal worker was the victim. Monday evening he was run down on the corner of Ninth and Waller streets his body being badly bruised and his right arm speramed.

The driver of the machine kept on going.

Mayor Tynes happened to be an eye witness of the accident.

When the victim secured the number of the machine which struck him and looked it up on the license files he secured the name of the owner and filed charges in court. Mercier came in and plead guilty to the charge. He is also seeking an adjustment of damages with the victim who is asking $25 as a compensation for the injuries and the payment of his doctor bills.

Auto Turns Turtle, Occupants Injured

An automobile was badly damaged and two men, Frank Mahoney, a Columbus detective, and Peter Francisco were painfully bruised and cut by fragments of glass when their car left the road and overturned three miles north of the city Tuesday night. Both men were thrown headlong to the roadside and the machine completely turned over as it was being driven at a fast rate of speed when the accident took place.

Mahoney and Francisco were on their way here to spend a day or two with Catcher Nick Francisco, who recently had a bone broken in his ankle while trying to steal second in a game with Hamilton. Francisco is a patient in the Hempstead hospital.

Suddenly losing control of the machine, it swerved to one side and then plunged into a ten-foot ditch. Mehoney and Francisco were thrown out of its path or they would probably have been seriously hurt. The car was repaired this morning in a local garage. The wind shield was shattered, one fender was torn off and the front axle was snapped.

PATTON AFTER PARDON

When the state board of pardons meets Thursday at Columbus, O. Thomas Patton, a Scioto county prisoner, will have his petition for pardon heard. Patton was sent up April, 1912, on a five year term convicted of shooting with intent to kill George Wiehle.

The shooting grew out of Wiehle's alleged trespassing with a threshing machine over Patton's property at Chaflin's Mills, back of Wheelersburg. Patton opened fire on Wiehle with a shot gun as the latter was driving his machine across a pulley. At the time Patton was supposed to be demented but he was convicted in Judge Blair's court and sentenced to five years in the state penitentiary.

Quickest Relief Known For all Sore Feet

The following is absolutely the surest and quickest cure known to relieve for all foot ailments: "Dissolve two tablespoonfuls of Calocide compound in a basin of warm water. Soak the feet in it for full fifteen minutes, gently rubbing the sore parts." The effect is really wonderful. All soreness goes instantly; the feet feel so good you could sing for joy. Corns and callouses can be peeled right off. It gives immediate relief for sore bunions, sweaty, smelly and aching feet. A twenty-five cent box of Calocide is said to be sufficient to cure the worst feet. It works through the pores and removes the cause of the trouble. Don't waste time on uncertain remedies. Any druggist has Calocide compound in stock or he can get it in a few hours from his wholesale house. It is not a patent medicine but is an ethical preparation.
